TERMO DE JUSTIFICATIVA DE PREÇOS

A pesquisa de preços representa importante instrumento para as contratações e aquisições administrativas bem como a correta aplicação dos recursos públicos, sua utilidade é relevante para a escolha da modalidade licitatória – no regime da lei nº 14.133/21

-; a análise de critérios de aceitabilidade de preços **por esse motivo, as leis de licitações orientam que a Administração deve justificar a apresentação dos preços e expor aos praticados no mercado**, assim sendo os processos de licitação devem ser compostos com o devido termo de justificativa de preços e com fontes de pesquisa variadas.

Vale observar que a **Jurisprudência do TCE/MT** é firme em indicar que a realização de pesquisa de preços de mercado é uma fase da licitação a ser cumprida, sendo assim uma exigência legal para todos os processos licitatórios, em resumo, **será necessária apresentação de justificativa adequada para balizar o valor dos itens a ser licitado.**

A justificativa do preço por item se insere na fase interna do processo licitatório como uma ferramenta que irá balizar o bom andamento dos itens a serem adquiridos, **quando a Administração estima os custos de suas aquisições ou contratações estará ampliando a competitividade entre as empresas fornecedoras** proporcionando também a devida transparência que é peculiar sem perda econômica as fontes de recursos Públicos.

Nesse sentido, foram coletados orçamentos em consulta com fornecedores no ramo do objeto licitado, não se abstendo de consultas realizadas em portais oficiais em relação ao objeto licitado não se obteve êxito em resultados na totalidade do mesmo, sendo assim pesquisas realizadas no sistema Radar do TCE-MT e Portal Nacional de Contratações Públicas, deste fato serem utilizados como balizamentos de preços os orçamentos coletados com fornecedores no ramo pertinente ao objeto desta licitação, **e o valor a ser utilizado será o mais em conta para aquisição do objeto pretendido.**
